INTRODUCTION

Misool, with one of the richest biodiversities in the world, is a true dream destination. Within its 425 km² Marine Protected Area—established through a collaboration between the Misool Eco Resort and local communities—thrives an underwater festival of massive gorgonians, corals in a thousand hues, and an endless variety of marine life. Expanded in 2010 to 1,220 km², this sanctuary is one of the most successful marine conservation initiatives worldwide.

Above water, Misool is just as magical: turquoise lagoons, dramatic sugarloaf karsts, lush mangroves, hidden caves, and pristine beaches that invite quiet moments of wonder.

DAY 01

SORONG TO MISOOL

Upon arrival in Sorong, you will be welcomed at the airport or your hotel and transferred to Jakare, waiting in the harbor. Refreshing drinks and light snacks will be served while your Cruise Director introduces the crew, shares important safety and itinerary briefings, and guides you to your cabin to settle in.

We will begin our voyage southward toward Misool, pausing for a gentle check dive at Pulau Matan. Depending on sea conditions, we will reach Misool by nightfall or early the next morning—ready to begin your immersion into this natural wonder.

Note: All dives and snorkel activities in Misool are conducted in coordination with local authorities and partner resorts. Dive sites may be visited in a different sequence depending on sea conditions, weather, and environmental considerations, ensuring both guest safety and the preservation of this pristine marine environment.

DAY 02

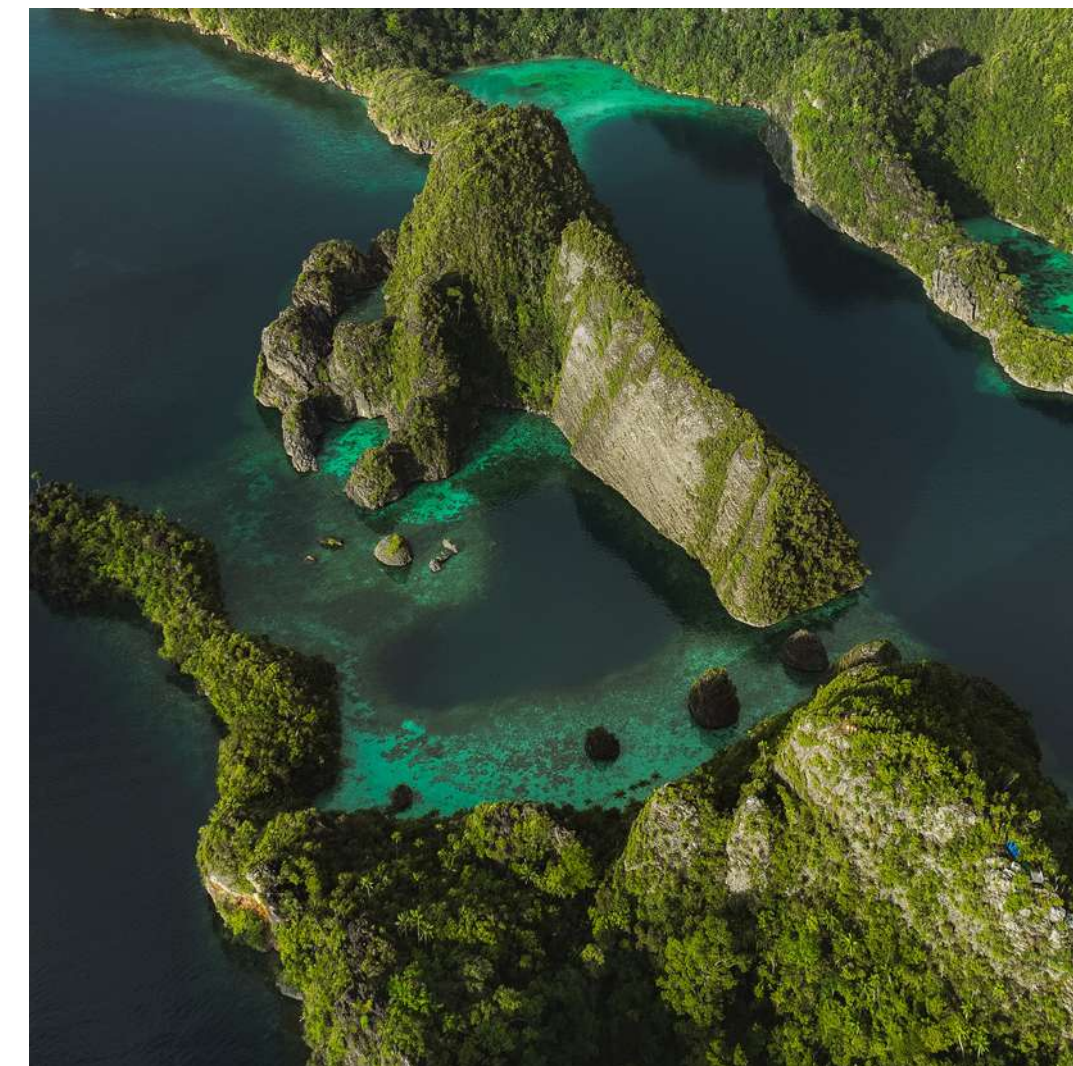

DAFALEN - WAYIL

Our journey begins in Dafalen Lagoon, one of Misool's most iconic settings. Towering limestone cliffs surround calm, turquoise waters where hidden passages connect secret lagoons. It's an idyllic place for kayaking, snorkeling, or simply soaking in the views.

Highlights include:

- Trek to Kolam Hati, the famous heart-shaped lagoon.
- Dive Dafalen Wall, where giant sweetlips thrive alongside colorful macro life.
- Snorkel in the Jellyfish Lake, an enchanting and otherworldly experience.

In the evening, we will enjoy a night dive at Wayil Batan, before anchoring in its sheltered waters.

DAY 03

WAYIL - FIABACET

Welcome to the Wayil archipelago, a paradise of sugarloaf karsts, white-sand beaches, and crystalline lagoons framed by lush greenery.

Diving highlights include:

- Neptune Fan Sea Channel, with its dramatic walls of gorgonians.
- Four Kings, a majestic site where four pinnacles rise from the depths, teeming with reef and pelagic fish.
- Other gems such as Barracuda Point, Wedding Cake, and Dunia Kecil, each offering unforgettable encounters.

We will also dive in the Fiabacet area, where spectacular ridges and pinnacles offer a diversity of life both big and small. There, diving highlights include:

- Fiabacet Ridge, home to pelagics, turtles, and manta rays.
- Tank Rock and Nudi Rock, linked by a stunning underwater ridge.
- Whale Rock and Fiabacet Pinnacle, where soft corals flourish alongside rare creatures like pygmy seahorses (Barbiganti and Denise).

We will spend a peaceful night at anchor in Wayil or Yuliet.

DAY 04

WARAKARAKET

This day brings us to Misool's legendary pinnacle dives:

- Magic Mountain, one of the region's signature sites, known for manta cleaning stations and an incredible density of life.
- Eagle Nest and Gas Ridge, both vibrant with reef sharks, barracudas, turtles, and schooling fish beneath forests of gorgonians.

We will anchor in Juliet for a tranquil overnight stay.

DAY 05

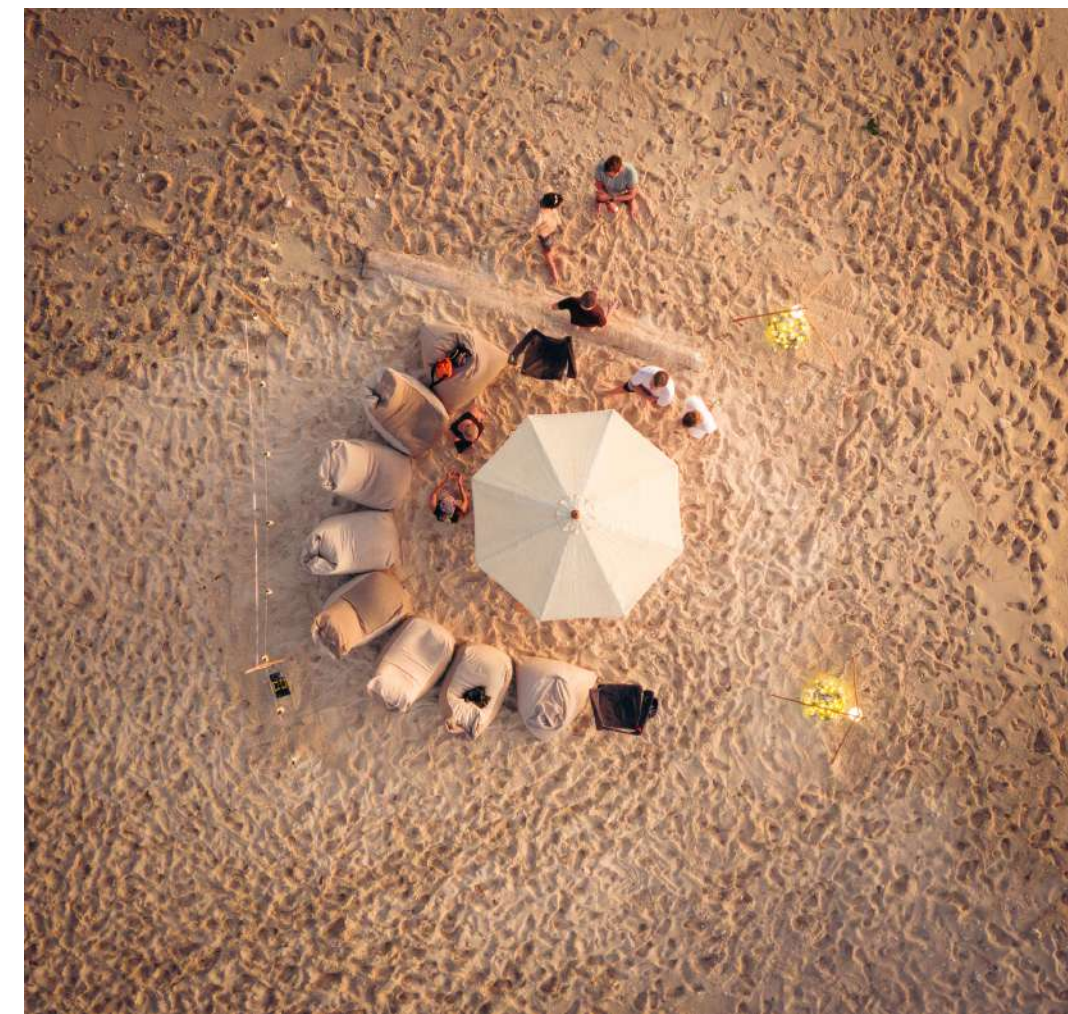

BOO AREA

We will explore Boo's extraordinary landscapes and dive sites:

- Boo East, including Kalig East and a possible night dive.

When not diving, you may kayak, snorkel, or relax among the pristine lagoons and beaches. On Day 5 evening, we will gather for a convivial **BBQ under the stars** in the Pulau Juliet area.

Overnight, Jakare will make the short crossing toward Balbulol.

DAY 06
