NORTH & CENTRAL RAJA AMPAT-WAYAG & WAIGEO

8 Days & 7 Nights

8 days | 7 nights

Hidden Lagoons, Endless Reefs & Manta Rays

Located in a remote area of West Papua lies Raja Ampat, translated to The Four Kings, truly one of the jewels in Indonesia's crown. A multifaceted gem where mysterious lands and legends meet an unrivaled underwater paradise.

Raja Ampat National Park is an expansive network of islands, with the four main islands being Waigeo, Batanta, Salawati, and Misool. The vast waters of Raja Ampat are known to have one of the highest concentrations of marine biodiversity in the world, and it's a stunning masterpiece of vibrant corals and a wide array of sea life. For some, the underwater world pales compared to the bounty available on land, a birdwatcher's paradise, and exotic culture.

Traveling to Raja Ampat is a journey unto itself, but it is well worth it!

Sorong - Jakarta (Direct)
Sorong - Bali (1 Stop)
Sorong - Manado (Direct)
Check-out: Until 10am

Day

01

Sorong

Upon arrival at the Sorong airport, you will be met by Mutiara Laut’s crew and transferred to the harbor, approx. 20 – minute drive. You’ll have to settle in before we depart Sorong to cruise onward to the islands of Raja Ampat. Lunch will be served on deck. If time allows, we will stop for snorkeling or try a check dive before serving sundowners to the backdrop of a magnificent sunset. Tonight dinner will be served under the stars.

Day

02

Kri Peninsula

This morning, you’ll awake to the calls of tropical birds as they, too, are preparing for their day. Mioskon Bay is a spectacular spot where you can snorkel in the mangroves or kayak on mirrored waters along the verdant coastline. Famed for its fish life and coral slopes, the Kri peninsula offers some of the most exquisite underwater vistas in Raja Ampat. Nearby, the island of Mansuar is home to a village where you can head ashore for a glimpse of local culture.

Day

03

The Passage

Rise at dawn for the best chance of spotting a rare Red Bird of Paradise. Your cruise director, Arie, will accompany us on our jungle hike to the bird-watching platform, where we will have the opportunity to view these elusive birds and other aviary species. After breakfast, we will have time to take in the statuesque mushroom islands of Kabui Bay. These islands mark the entrance to a narrow water channel in which strong currents run with each tide, forming a saltwater river with plentiful coral and fish life.

Day

04

Penemu Island

Today we explore the beautiful Penemu Islands - a cluster of rocky limestone domes draped in lush vegetation. These islets encircle a shallow bay and a walking trail that winds around the rocky hills to a lookout offering a panoramic view of the outlying islands and the ocean beyond. Nearby lies some of the most outstanding snorkeling and diving sites in the area. These nutrient-rich waters are home to a wide array of marine life and intricate coral gardens, including sea turtles, manta rays, and large schools of game fish.

Day

05

Wayag

The Wayag Islands are an interminable maze of lush green peaks rising from multi-hued azure water - the quintessential landscape of Raja Ampat. Wayag offers a spectacular backdrop for water sports and beach time. Climb the island peak for a panoramic view of turquoise waterways or the ultimate downtime on one of the deserted beaches. Both are ideal spots to view the sun melt into the horizon.

Day

06

Wofoh

Today we anchor in Wofoh, two islands connected by a shallow reef, the idyllic spot for beachcombing, paddle boarding, and kayaking. Wofoh is also home to a magnificent coral wall that plunges into the crystal blue water offering stunning views of brightly colored sea life darting between barrel sponges and multicolored soft and hard corals.

Day

07

Arborek & Mansuar

Today we explore the waters near Arborek Island, where majestic Manta Rays gather to feast on the plankton-rich waters carried on the tidal surges from the Dampier Strait. We will spend time diving or snorkeling over the sandy bottom while keeping a lookout for gliding mantas feasting in a wondrous and elegant underwater ballet. After a delicious lunch on board, we head ashore to explore Arborek village, one of only 18 small villages found throughout Raja Ampat. In the afternoon, Mutiara Laut Voyage embarks on a crossing to Sorong where we will arrive in the night.

Day

08

Sorong

After a final decadent breakfast on deck, our crew will assist you in disembarking Mutiara Laut and transfer you back to the airport to catch your flight home. This is only a sample itinerary that may change due to weather, sea conditions or by instruction of the captain to ensure the security of its passengers and crew members,

An aerial photograph of a tropical atoll. A long, narrow, and winding white sand beach stretches from the bottom left towards the center of the frame. The beach is surrounded by shallow turquoise water, which transitions into deeper blue water further out. In the distance, a small, circular island covered in dense green vegetation sits in the water. The sky is a pale blue with a few wispy clouds. The overall scene is serene and picturesque.
