The Timeless Allure of the Spice Islands

8 days | 7 days

Remote and storied, the Banda Islands were once the world's most coveted destination, a place where nutmeg and clove shaped global trade, drawing explorers across oceans in search of unimaginable wealth. Today, their legacy lingers in quiet fortresses, centuries-old plantations, and villages untouched by time. Yet beyond history, the Spice Islands reveal something even rarer, pristine coral reefs teeming with life, volcanic peaks rising from glassy seas, and a sense of stillness found only in places far removed from the world.

Aboard Celestia, this journey becomes more than a voyage, it is an immersion into a destination where culture, nature, and heritage exist in perfect harmony.

Day

01

Arrival in the Spice Islands

Your journey begins with a warm welcome as you are escorted to Celestia, awaiting in the quiet harbor of Tulehu. A chilled drink in hand, take in your first moments on board as the crew introduces the rhythm of life at sea.

As the sails are set, we glide towards a secluded island, an invitation to ease into the voyage with a first swim, snorkel, or simply time to unwind on untouched shores.

As evening falls, dinner is served beneath an open sky, where the horizon fades into dusk.

Day

02

Run Island & Nelaka

This morning, step ashore into a chapter of history that shaped the world. Walk through the quiet remains of colonial warehouses and storied plantations, where nutmeg once held unimaginable value. Towering kenari trees offer shade as you wander through time, guided by stories of explorers and empires. Beneath the surface, the reefs surrounding Run and Nelaka reveal another world, vibrant, alive, and waiting to be explored. Return to Celestia for an evening of refined simplicity, with dinner served under a canopy of stars.

Day

03

Banda Neira & Ai Island

A morning in Banda Neira unfolds with quiet elegance, visiting historic forts, colonial architecture, and local life that continues at its own unhurried pace. Back on board, the day softens into leisure. In the afternoon, the waters of Ai Island invite you, whether drifting above coral gardens or diving deeper into its thriving marine ecosystems.

As night falls, the upper deck becomes your private cinema beneath the stars.

Day

04

Banda Besar

Awaken to views of Banda Besar as breakfast is served at sea.
Step ashore to discover Fort Hollandia and witness the living traditions of nutmeg cultivation — a quiet continuity between past and present.
The afternoon reveals the dramatic underwater landscapes of Batu Hangus, shaped by volcanic energy and rich marine life.

Evening returns you to stillness, a glass in hand, the sea stretching endlessly around you.

Day

05

Hatta & Sahil Islands

Today is yours. White sand beaches, crystalline waters, and a private beach set-up curated by the crew, every detail prepared for effortless enjoyment.
Kayaks, paddleboards, or simply the pleasure of doing nothing at all.
Time expands here, measured only by the tide and the sun.

Day

06

Pulau Suanggi

Suanggi reveals one of the region's most dynamic underwater environments.
Schools of fish move in unison, reef sharks glide through the blue, and coral formations stretch as far as the eye can see.

Above water, the island remains untouched, a quiet contrast to the life below.
As the day fades, we sail onward, the ocean carrying us gently into the next chapter.

Day

07

Nusa Laut & Saparua

The reefs of Nusa Laut offer one last immersion into the vibrant world beneath the surface, renowned for their pristine hard corals and exceptional biodiversity. Later, step ashore to explore Duurstede Fort, where history lingers in stone and sea breeze.

Tonight, a farewell dinner brings the journey full circle, a moment to reflect, to celebrate, and to carry these memories forward.

Day

08

Tulehu (Farewell)

As soft morning light stretches across the horizon, breakfast is served in quiet reflection, a final moment to take in the stillness of the sea. In Tulehu Port, heartfelt farewells are shared as you are gently transferred for your onward journey, departing with a sense of something rare, and memories that linger long after the voyage ends.
