THE KUDANIL EXPLORER

# A 5-star boutique hotel *at sea*

In 2016 the ship was converted into a luxury expedition yacht, providing the perfect platform to explore the Indonesian archipelago.

A 5-star boutique hotel inside the robust shell of an ocean-going vessel, it is this unique mix of safety, space, and comfort that makes journeys aboard the Kudanil Explorer so exciting – a fine combination of indulgence and expedition, discovering new treasures amongst the 17,000+ islands Indonesia has to offer.

Voyagers can explore farther than ever, go deeper into the unknown, and ride waves like never before.

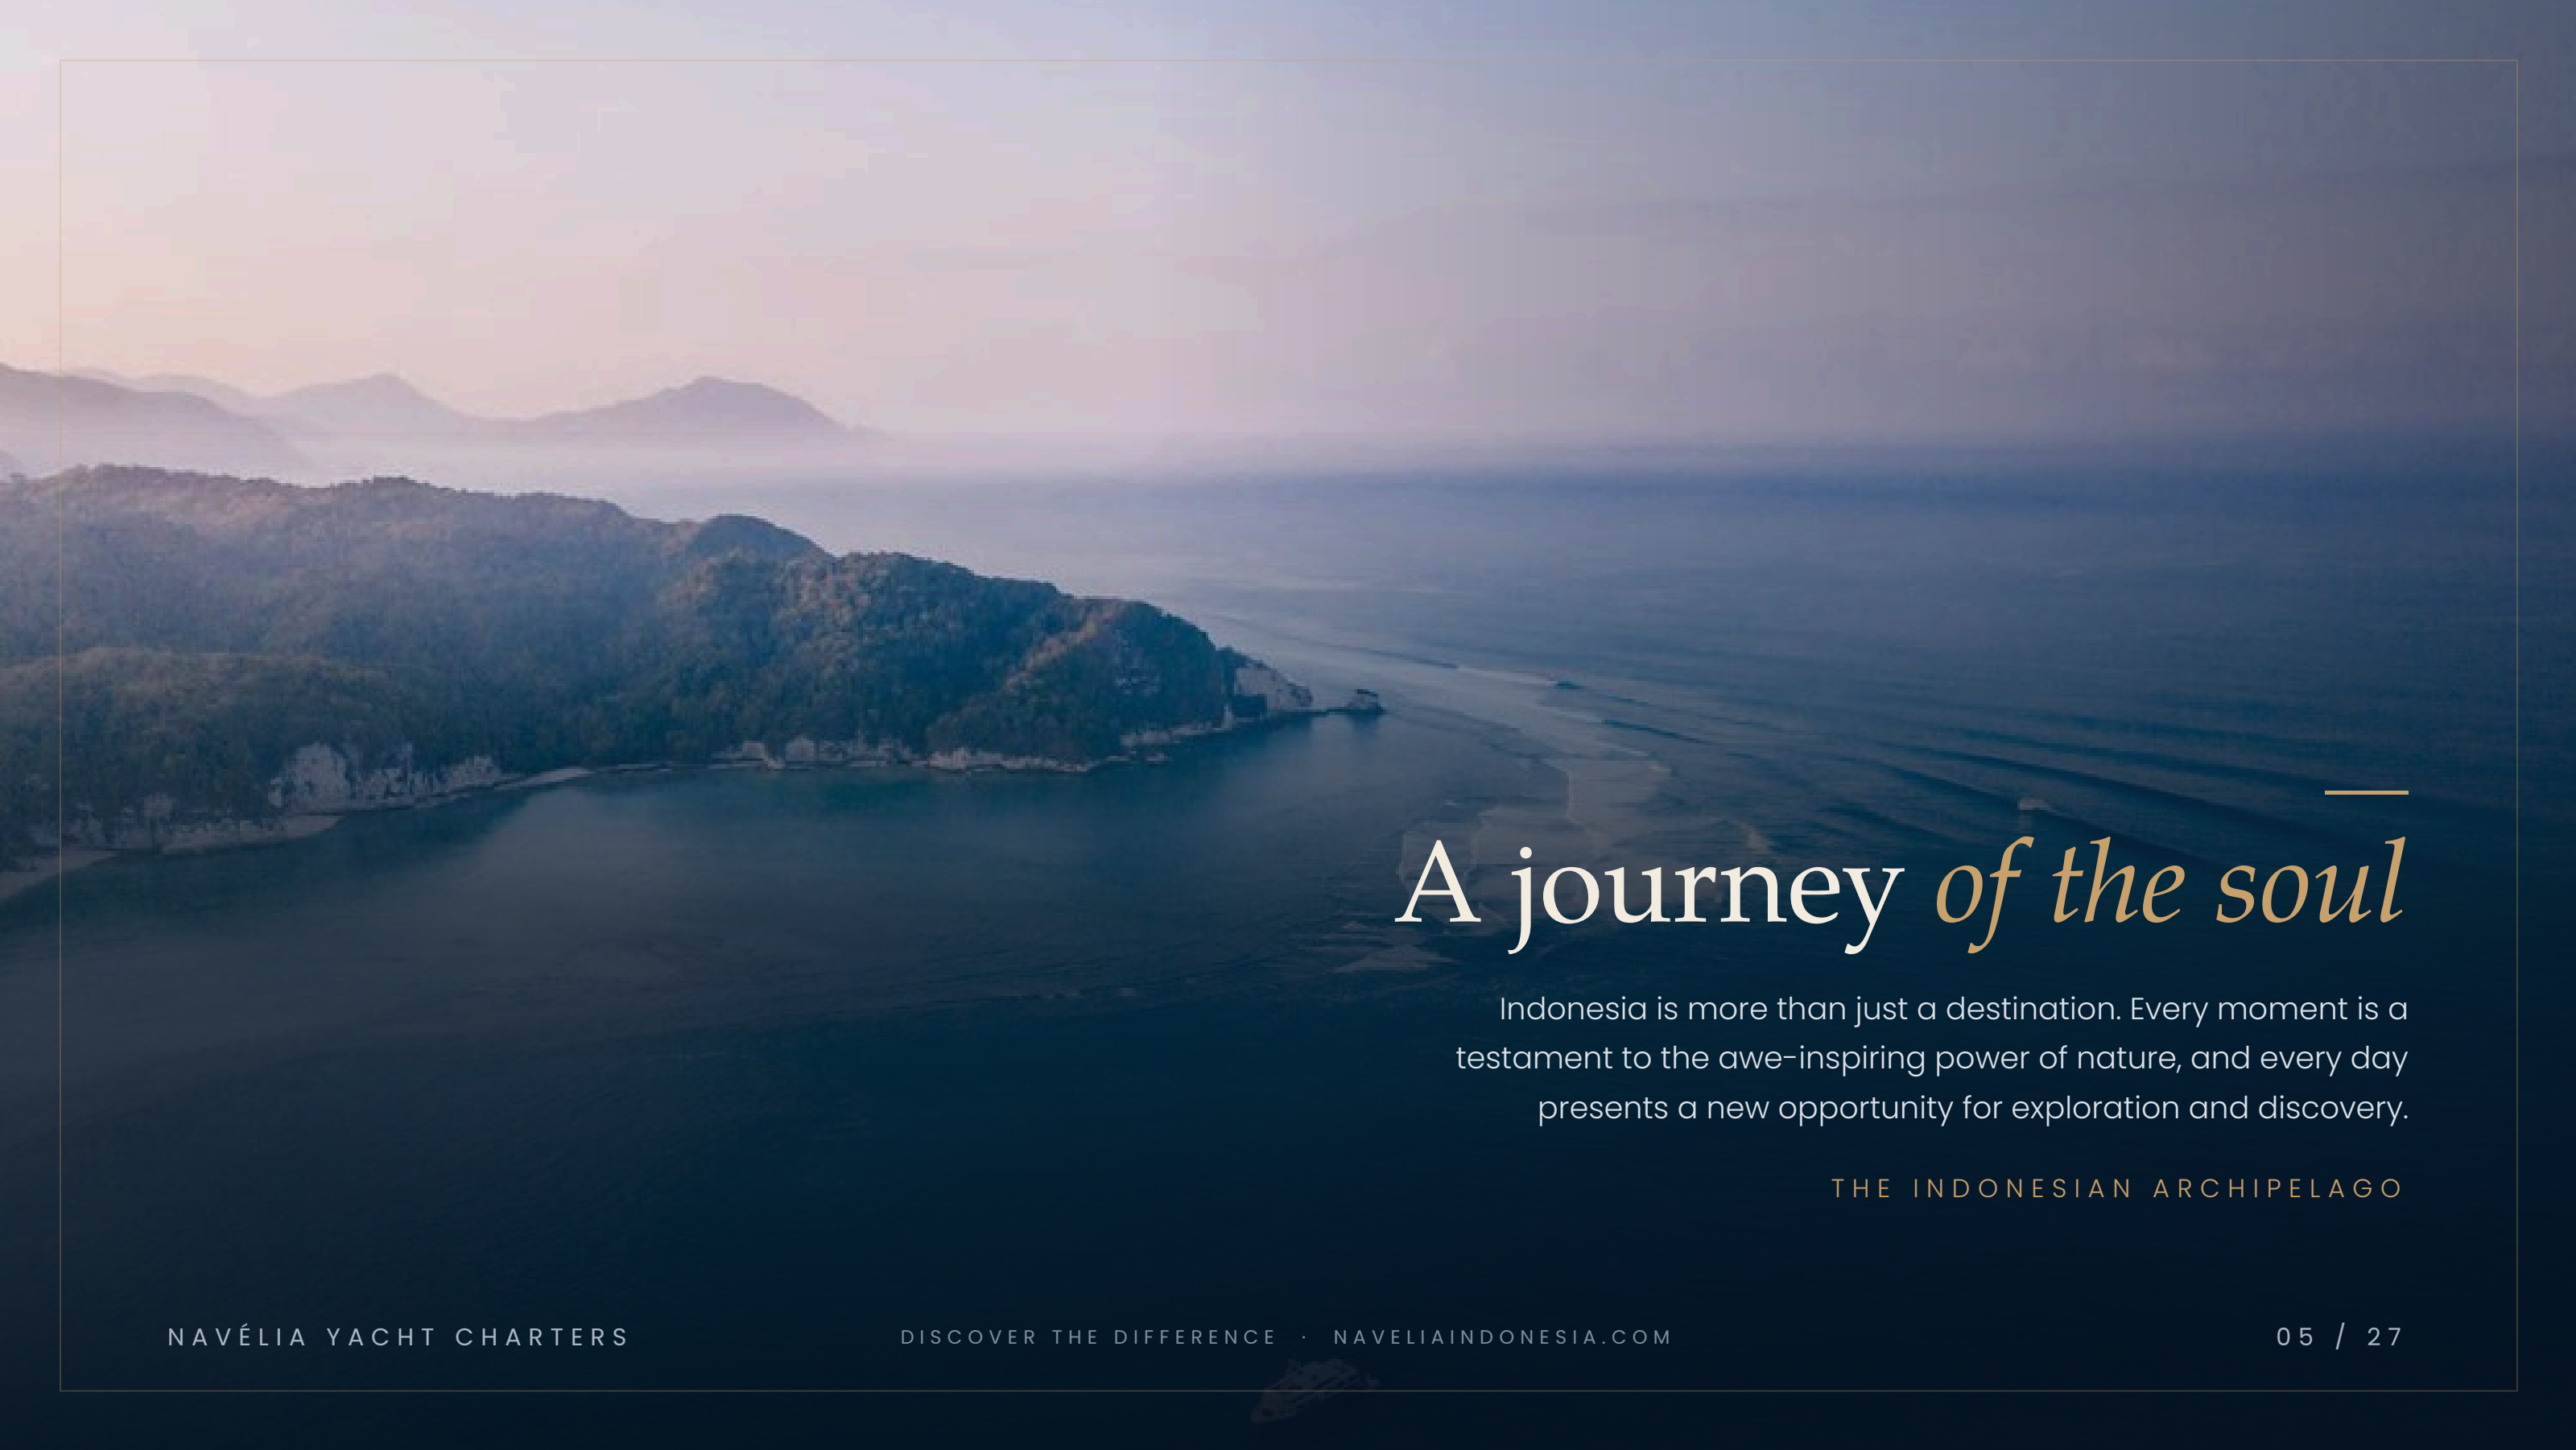

## OUR DESTINATIONS

# The Indonesian *archipelago*

Embark on an enchanting seafaring journey to Indonesia, the largest archipelago with some 17,500 islands and 719 local languages, spanning wider from east to west than New York to Los Angeles – a country where every step unveils vibrant culture, breathtaking landscapes and warm hospitality.

Dive into crystal-clear waters in the heart of the Coral Triangle, blessed with the world's largest marine biodiversity, and behold the majesty of volcanic landscapes. Surf world-class waves in Sumba or Papua, hike to hidden waterfalls, encounter the endemic Komodo dragons, or dive with whale sharks and manta rays.

Indonesia's greatest treasure lies in its people – warm, welcoming and ever-ready to share their culture. Embrace the spirit of "gotong royong" – mutual cooperation and harmony. Your adventure begins here.

# A journey *of the soul*

Indonesia is more than just a destination. Every moment is a testament to the awe-inspiring power of nature, and every day presents a new opportunity for exploration and discovery.

As avid adventurers, you can walk the paths of history through nutmeg and cinnamon plantations and colonial architecture, and snorkel in pristine waters to see the most resilient coral and breathtaking underwater worlds. These islands come with great stories of old, unstirred by the stirring of the waves.

## DESTINATION

# Komodo & *beyond*

In Nusa Tenggara Timur (East Nusa Tenggara) you'll be treated to over 500 islands of rich marine biodiversity and bubbling volcanoes. The most famous form Komodo National Park, a UNESCO World Heritage Site and home to the world's largest lizard, the Komodo dragon.

Then leave the creatures for the crater lakes of Kelimutu and the terraced fields of Detusoko, and head to Ngada for fjords, waterfalls, traditional villages, megalithic formations and a warm welcome. Or go east to North Sumbawa and its whale shark community – or try surfing in Sumba. These islands are unpinned and off the grid, waiting for you to find them.
