Family heritage *and* *traditions*

Magia II is a yacht made from Indonesian craftsmanship and materials, ready to take you on a spectacular Komodo boat trip and beyond. As a tradition passed from father to son, unique to that region of the world, her teak and wood are crafted to provide comfort and authenticity.

As a work of love, every fabric, material and design has been thoughtfully chosen from around the world – from English family silverware to French wallpapers and Italian lamps – so that every curated detail makes guests feel at home.

Every island has its own culture, traditions and patterns. Indonesia is probably one of the richest nations in the world, and a Komodo boat trip is one of the best ways to experience its abundance of wonders.

UNIQUE FEATURES

A work *of love*

Magia II is not, properly speaking, a sailing boat – yet she is a work of love. All made of teak and inspired by the yachts of the 1960s, she is the perfect vessel for sailing the most iconic Indonesian archipelago and its diverse oceans.

Her design emphasises ultimate comfort and space, with great attention to materials, colours, elegance and details. The master cabin at the aft offers a splendid panoramic view with a jacuzzi on the balcony, and the large upper deck is perfect for a cocktail with friends or family.

THE TEAM

Legendary *hospitality*

Indonesia's legendary hospitality is alive and well at Magia II, where our team of professional crew have been trained in the art of taking care of you, your family and friends.

CLASSIC DESIGN

An elegant *labour of love*

Inspired by the yachts of the 1960s and fully made of teak, Magia II is ready to take you on a spectacular Komodo liveaboard and beyond. Her design is spacious, with great attention to furnishing and materials for ultimate comfort.

The master cabin at the aft offers splendid 180° panoramic views, a two-seater jacuzzi on its balcony, a king bed and a sofa. The three guest cabins below deck are bright, with a modern colonial design of white walls and copper faucets. All cabins have premium mattresses, goose-feather pillows, en-suite toilets and showers, and dedicated storage. The VIP cabin has a king bed and two single beds; the other two guest cabins have king beds.

The large upper deck has a well-stocked bar and a large sultan-like day bed for all guests at once. The living room has a separate dining area and a day bed for reading, and at the bow two king sunbeds are perfect for sunbathing while cruising.

The image shows the interior of a yacht's living area. The space is characterized by warm, natural wood paneling on the walls and ceiling. Large windows with light-colored curtains offer a panoramic view of a tropical seascape, featuring a prominent, forested island in the distance. A modern, teal-colored sofa with white cushions is positioned in the foreground, facing the window. To the right, a potted plant with large green leaves adds a touch of nature to the interior. The overall atmosphere is serene and luxurious.

DESTINATIONS

Set sail to the *remote islands*

Indonesia is the ideal destination for those who love to cruise the ocean. As the world's largest archipelago, there is four times more water than land – it is best seen from the deck of a boat. Cruise Komodo from May to October, the Banda Islands in April and November, and Raja Ampat from December to April.

AN EXPLORATION OF THE INDONESIAN ISLANDS

Sumbawa

Sumbawa lies in the Lesser Sunda Islands, a chain that starts in Bali and ends in Tanimbar. Indonesia, part of the Pacific Ring of Fire, has more volcanoes than any other country – 32 of its 147 volcanoes are in the Lesser Sunda Islands.

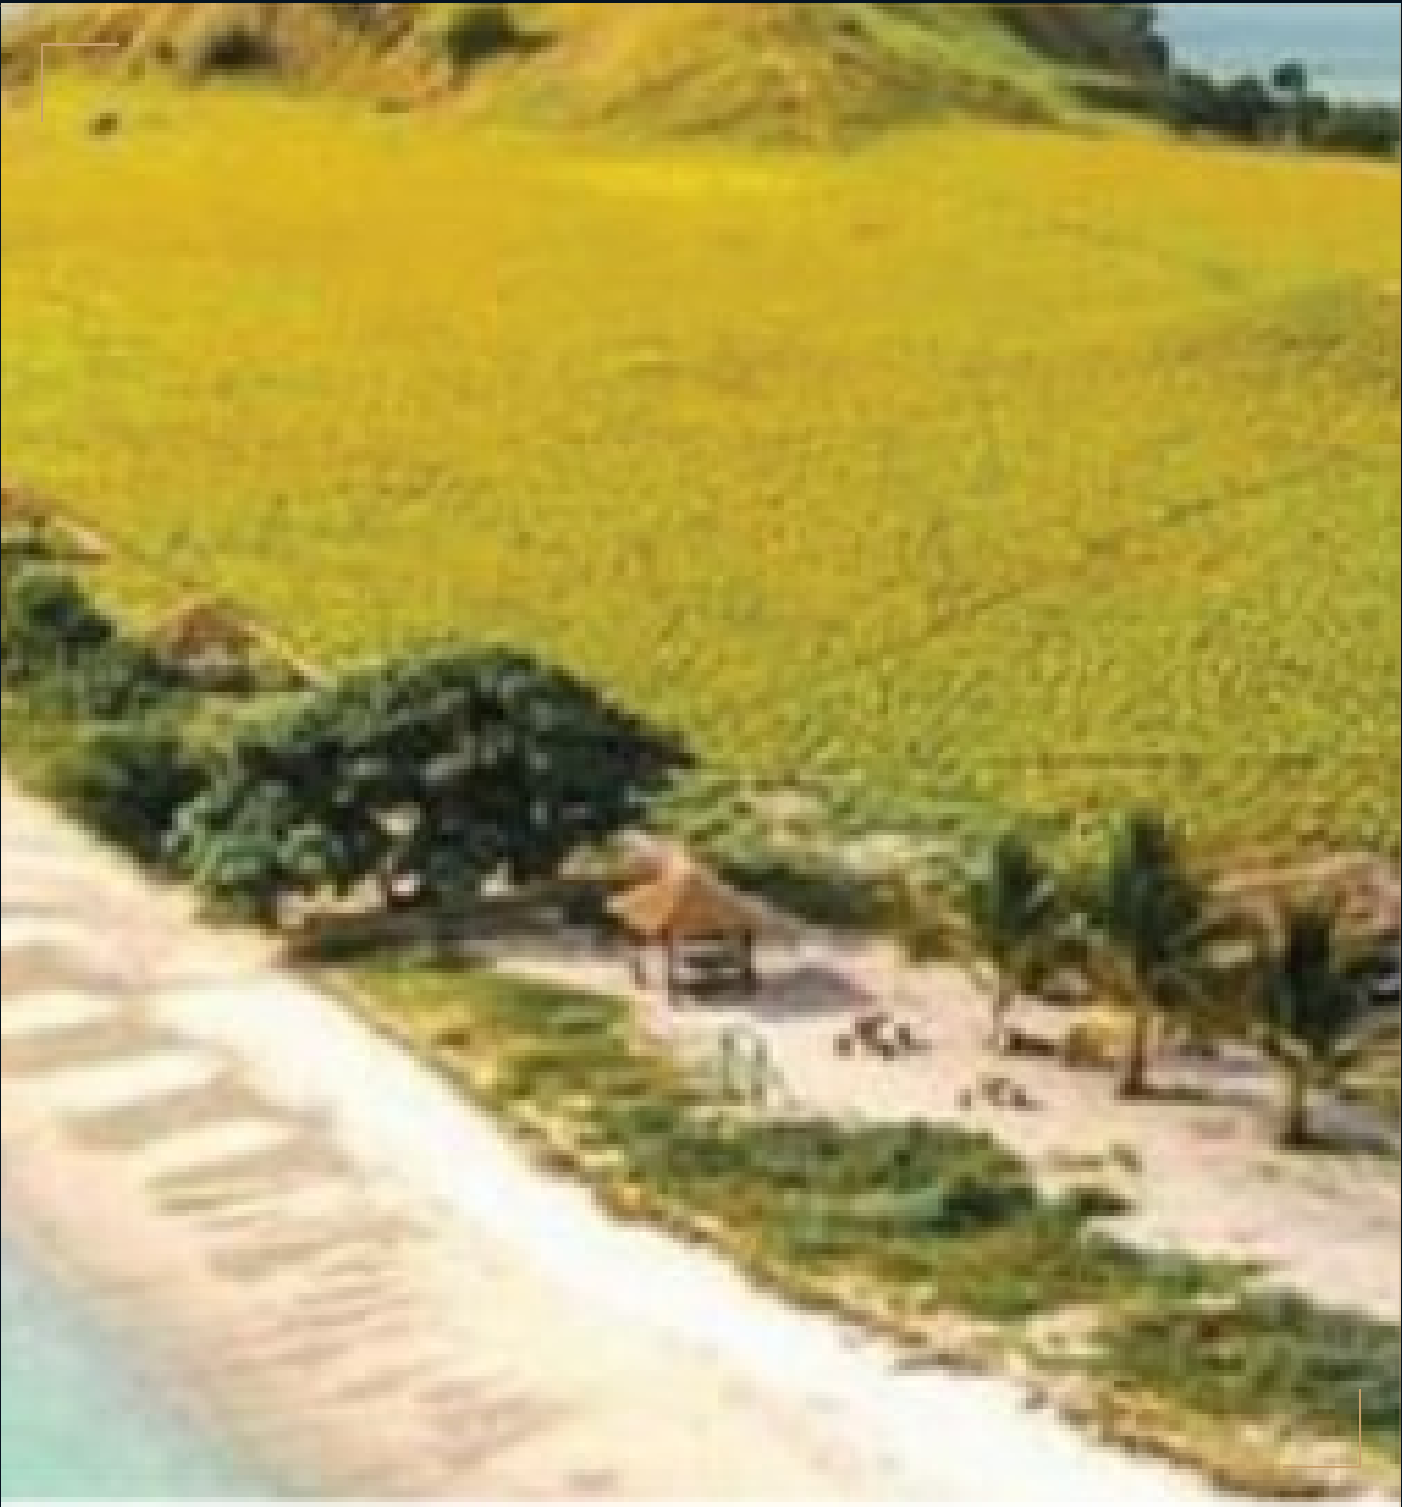

On little-known Sumbawa stands majestic Mount Tambora, Satonda island with its marine lake, and Sangeang Api rising from the blue sea.

THE LARGEST BAY IN WEST NUSA TENGGARA

Saleh *Bay*

There is no better way to wake up than with morning coffee amid Saleh Bay’s scenery: towering Tambora volcano, inhabited islands and fishermen’s bagan nets on crystal-clear waters.

Swim with the largest fish on earth, the whale shark; watch buffalo racing as the paddy-planting season begins; or trek to historic Tambora, whose eruption was the largest in modern history and changed the way we live today.

DISCOVER THE DINOSAUR-ESQUE KOMODO DRAGONS

Komodo *Island*

Komodo is a primarily volcanic chain in southeast Indonesia – Komodo, Rinca and Padar with a few islets form over 2,000 km² of protected parkland. Dragons and diving are the two main reasons to charter a yacht here: the Komodo dragon is the biggest reptile on earth, up to 70 kg and 3 m long.

Coral gardens, plankton-rich waters and rushing currents attract multicoloured fish, giant pelagics, sharks, turtles and manta rays, while hundreds of coral varieties shelter an impressive array of macro life.

THE UNSPOILT FLORA OF THE ISLANDS

Alor

95 islands and 7,420 km² of land and water, where Pacific water flows through the Pantar Strait to the Indian Ocean. More than 75 dive sites, 1,200 species of reef fish and 500 corals, with visibility up to 40 m from July to September – walls, slopes and seamounts off Pura and Pantar.

Spend an extra day to search for dugongs; night dive Kalabahi and Baengabang bays for rare octopus and the iconic Rhinopias; and with the right tide and moon, see eagle rays, barracuda, trevally, tuna – and, with luck, Mola-Mola, dolphins, hammerheads or thresher sharks.

IMMERSE YOUR SENSES IN GREAT NUTMEG ISLAND'S
SPICES

Banda *Island*

A remote cluster of 10 picturesque islands – natural beauty, a warm local heart and fascinating history. Undersea drop-offs are plastered with multicoloured coral gardens offering superlative snorkelling and diving.

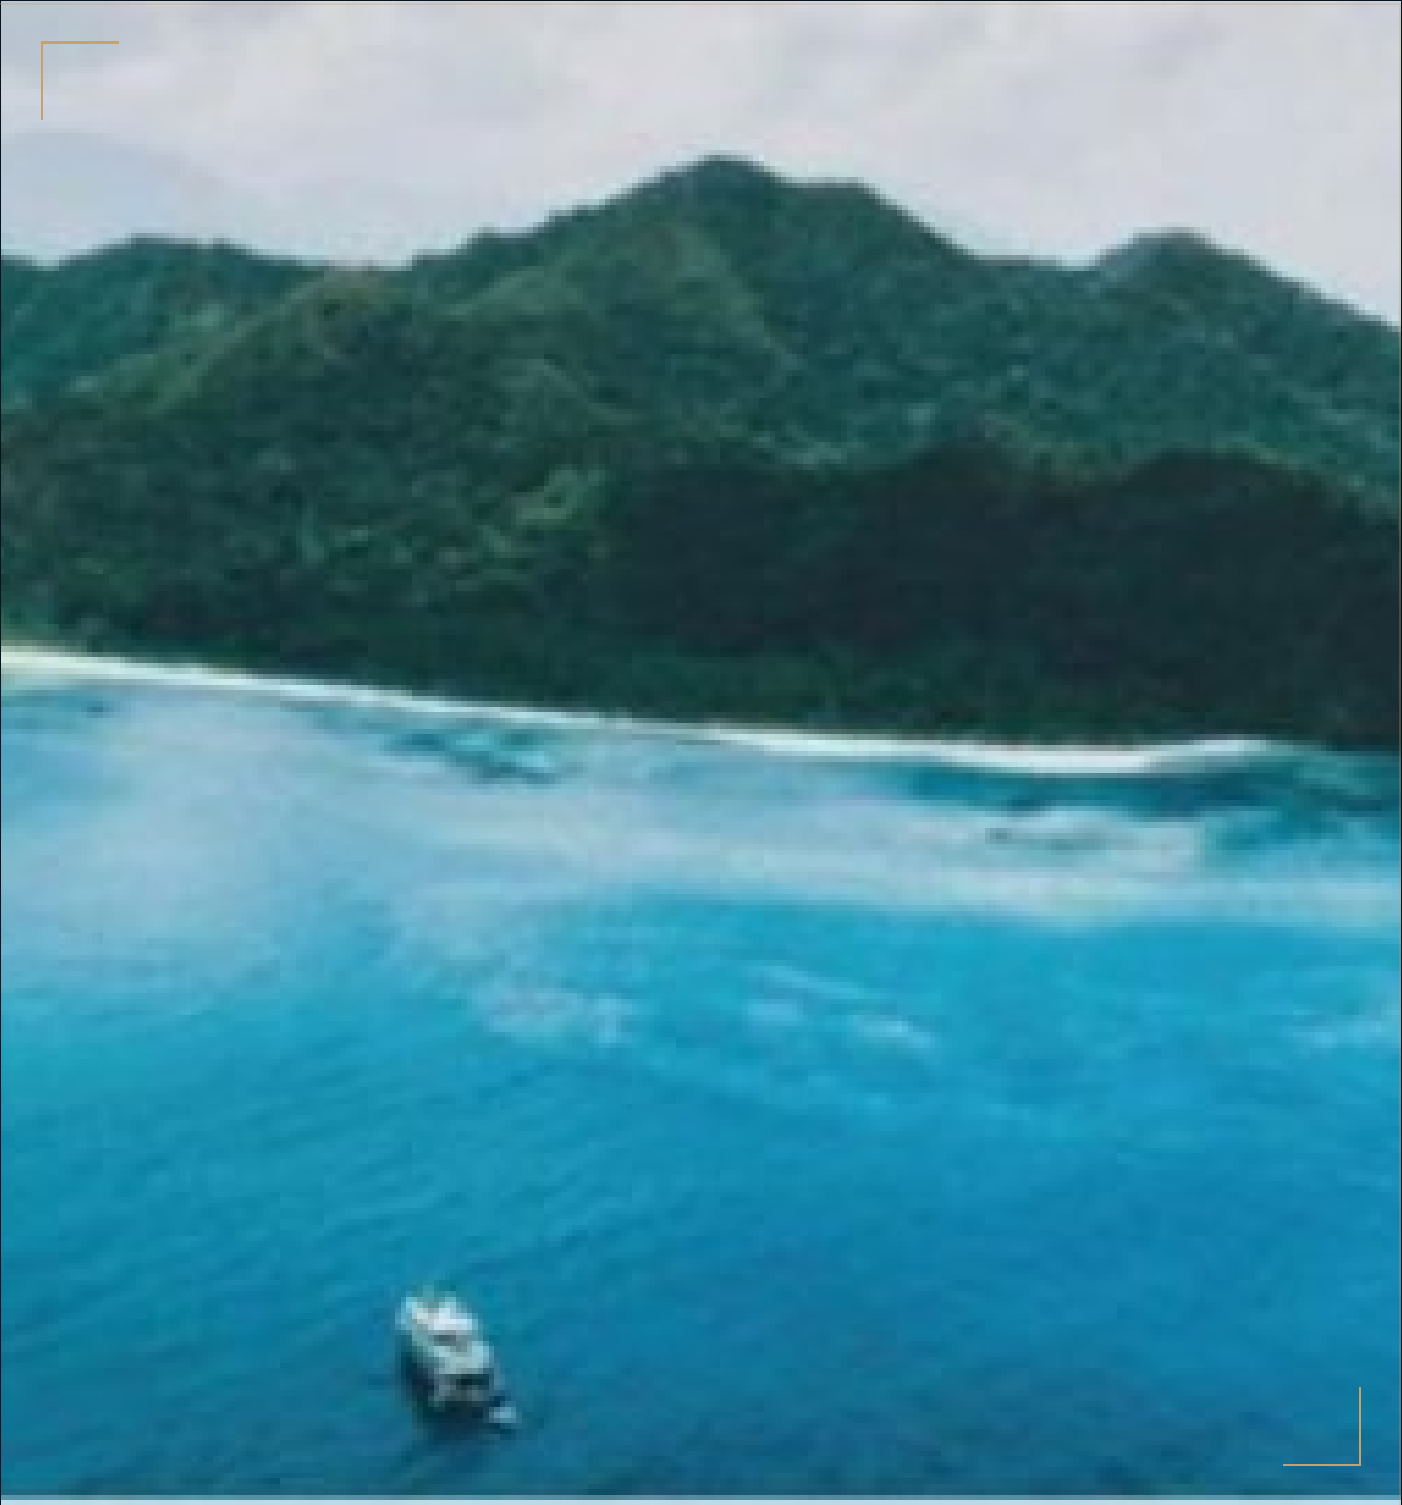

Neira and Banda Besar curl around a pocket-sized tropical Mt Fuji (Gunung Api, 656 m); Hatta, Ai and Neilaka have picture-postcard beaches; and Run, sprouting nutmeg and cloves, is a gorgeous historical footnote. A liveaboard is the best way to reach the archipelago's hidden areas.

THE HOME OF ENDEMIC SPECIES OF INDONESIA

Triton *Bay*

Endemism evolved here as throughout the Bird's Head of Papua, as tectonic upheavals formed new island chains ten million years ago. Triton's reefs became a crossroads for larvae from the Banda Sea, flourishing in the fresh water flowing from mainland Papua.

Lobo Village tells of the giant Garuda bird that once made Kaimana its home, covering the sun with its wings until sailors ended its reign – a statue of Garuda, today the symbol of the Republic of Indonesia, still stands in memory.

THE WORLD'S MOST COLOURFUL CORAL REEFS

Raja *Ampat*

The remotest location travelled to by Magia II, dubbed the “species factory” – more species documented on a single dive than anywhere else on earth, across over 1,500 islands between Misool, Salawati, Batanta and Waigeo. Best between November and April.

From diving and snorkelling to mysterious caves with paintings from forgotten civilisations, hikes through forests with birds of paradise, and BBQs on deserted white-sand beaches.

OUR MISSION

The right yacht, crew and *itinerary*, for every guest.

Our mission is to connect every guest with the yacht, crew and route that suit them best, and to handle every detail with discretion, transparency and care, from the first enquiry to the final day at sea.

01

Matched to you

We pair every group with the yacht and itinerary that best suit their style and occasion.

02

Transparent by design

A personal, open approach with clear guidance, so every guest knows exactly what to expect.

03

Vetted to our standards

Each yacht is vetted for safety and comfort before it earns a place in our recommendations.

04

Always responsive

A dedicated team that replies fast and stays by your side from first message to final day.

05

No broker markup

You pay the yacht's own charter rate – exactly what you would pay booking direct. Our commission comes from the yacht, never added to your price.
