

NAVÉLIA
YACHT CHARTERS

Tiaré

It's all around you

THE YACHT

Elegant, sturdy & *five-star*

From the beginning we had only one idea: to design a boat that was elegant, sturdy and tailored to the needs of those who enjoy five-star service and luxury. A boat less attentive to these concepts would have required far less time and money, but we believe we made the right choice for Tiaré's long-term reliability.

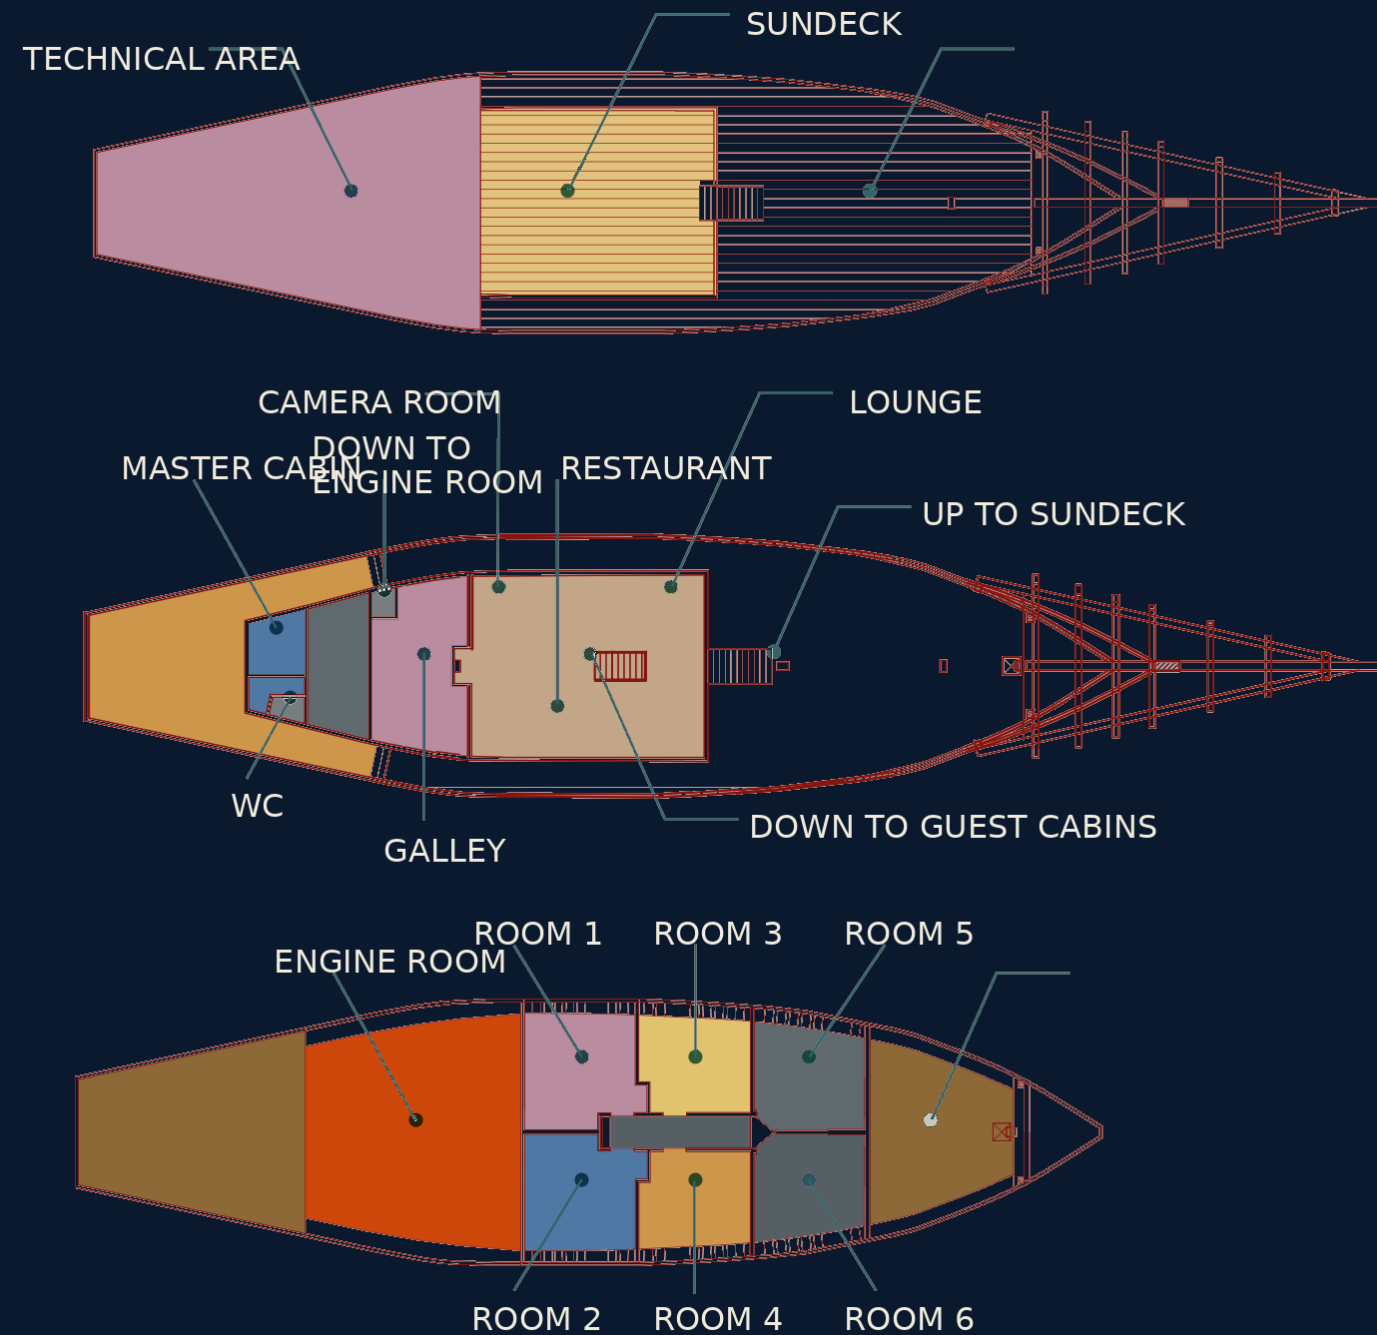

All our choices are born from a careful assessment of the needs of our guests, divers and non-divers alike. All indoor and outdoor living areas, decks and cabins are built in antique teak salvaged from old Javanese joglo houses – wonderful pieces of “real Indonesia”, recovered to tell their story.

TIARÉ

Deck *layout*

- **Sundeck** — technical area and open sundeck
- **Main deck** — lounge, restaurant, camera room, galley and master cabin
- **Lower deck** — guest rooms 1 to 6 and the engine room

TIARÉ DESTINATIONS

The ocean's *heart*

Komodo, Raja Ampat, Triton Bay, Halmahera, Flores to Alor and the Banda Sea's Forgotten Islands. We work with only the best scuba divers to ensure a hassle-free diving holiday, meeting your needs as a diver and as a guest on a luxury cruise.

After 20 years of diving experience, we believe Indonesia is the world's best country for sea life, with more marine diversity than anywhere on earth. In the middle of the Coral Triangle, from Australia to the Philippines and from Borneo to the South Pacific, this country is the ocean's heart.

Encounter big pelagics in the cool waters of Komodo, drift over colourful fields of coral in Raja Ampat, marvel at enormous schools of fish in the Banda Islands and photograph the bizarre creatures of the Moluccas – or venture to Cenderawasih Bay for whale sharks and the Forgotten Islands for hammerheads. And it's not only diving: we like to meet local people too, and to share some of the real Indonesia.

DESTINATION

Komodo National Park

Have you ever wondered what it would be like to be face to face with a dinosaur? Komodo and Rinca are the only places where Komodo dragons still live in the wild – on scorched-earth islands fringed with sandy beaches, where you may see them patrolling the shore or watching from a rocky outcrop.

Below the surface are creatures you may never have seen: the hobbit worm, rhinopias, ladybug and skeleton shrimp – plus an abundance of fish and coral in mineral-rich waters, with sharks and mantas passing by. Between the Indian Ocean and the Flores Sea, currents can be strong and the water decidedly cool, but the pelagics, macro life and dazzling colour make diving here truly legendary.

Dive areas & *practical info*

Dive Areas

Castle Rock · Crystal Rock · Karang Makassar (mantas, mantas, mantas!) · Cannibal Rock · The Cauldron · The Shotgun – and more than 40 dive sites in all.

Water & Weather

Water 19–28 °C; around southern Komodo and Rinca it drops to 21–24 °C, so a 5 mm long suit is advised and hood and booties strongly recommended. Air 27–32 °C. Nusa Tenggara is relatively dry, with a light rainy season from November to April.

Getting There

Airport: Labuan Bajo – international flights to Bali, then a domestic flight. Time zone GMT +8.

DESTINATION

Raja *Ampat*

Explore the islands of the Four Kings – the myth says each king reigns over one of the main islands, Misool, Salawati, Batanta and Waigeo. The highest marine diversity on the planet, beautiful topside scenery and awesome underwater topography make Raja Ampat the closest place to heaven.

Walls, slopes, caves and canyons, seamounts, muck diving and wrecks cater for every diver, surpassing the expectations of the most seasoned divers and photographers as well as beginners. With more than 1,500 smaller islands over 50,000 km² and thousands of possible dive sites, exploration is still continuing – and your memories will stay with you forever.

Dive areas & *practical info*

Cape Kri & Misool

Cape Kri – be enveloped by groupers, sharks, snappers, Napoleon wrasse, barracuda, dogtooth tuna and trevallies; look for wobbegongs and pygmy seahorses on gorgonian fans. Misool – in the south, an astonishingly colourful reef scene of soft corals on slopes, walls and canyons, with cuttlefish, pipefish, lionfish and nudibranchs – unmissable by night.

Jef Fam & Manta Ridge

The Jef Fam Group – central Raja Ampat, with cabbage, sheet and mushroom corals, giant clams, Spanish mackerel, great barracuda, mantas and the best place to find wobbegongs. Manta Ridge – a cleaning station with mantas in impressive numbers, including black mantas, bumphead parrotfish and turtles.

Practical Info

Water 27–30 °C – a 3 mm shorty is usually enough, 5 mm if you feel the cold. Recommended cruise 10–16 days. Airport: Sorong, via Jakarta or Manado. Time zone GMT +9.

DESTINATION

Triton *Bay*

A remote wonderland in West Papua, renowned for untouched beauty, unparalleled marine biodiversity and swimming with whale sharks – a true frontier destination awaiting intrepid explorers.

Dive into a kaleidoscope of soft corals thriving in nutrient-rich waters, meet the Nursalim flasher wrasse, wobbegong and walking sharks, and explore cascades of boulders, overhangs, caverns and sheltered bays. Whale sharks gather at the fishing platforms (bagans) to feast on anchovies – best around the dark of the moon – and curious dolphins may join the show. Water is 27–30 °C year-round.

Dive *areas*

Triton’s Playground

Schools of barracuda and trevallies among submerged pinnacles and steep walls with large sea fans and sponges – ideal for underwater photography.

Namatota

A unique site with submerged caves and stalactites, where sleeping reef sharks or resting turtles may be found.

Little Komodo

Rocky outcrops reminiscent of Komodo Island, with schools of fusiliers, snappers and occasionally graceful manta rays.

DESTINATION

Halmahera

Nestled between the Philippines, Sulawesi and New Guinea, Halmahera offers lush forests and serene volcanoes rising from calm seas, pristine beaches and vibrant reefs. Explore wrecks in Ternate, emerald waters in Tidore and majestic walls in Bacan, and drift through the coral gardens of the Patinti Strait.

Part of the Coral Triangle and preserved from mass tourism, this remote haven is a favourite for sailors and divers seeking raw, untouched nature and secluded bays – one of the best diving destinations, before the world discovers its wonders.

Dive *areas*

Seamounts & Boomies

Rocky seamounts with large, colourful soft-coral boomies and intense fish life: blacktip sharks on most dives, tuna, Spanish mackerel, giant trevallies, Napoleon wrasse, bumphead parrotfish, groupers, surgeonfish and spadefish – plus muck dives and fringing reefs.

Shark Mountain

A submerged island at around 100 feet, with various shark species patrolling its perimeter alongside Napoleon wrasse and shoals of barracuda.

Napo Siko & More

Hailed as the best wall dive, with many equally beautiful sites still to discover. Hawksbill and green turtles, oceanic whitetips and blacktips, and invertebrates sheltering in enormous sponges.

DESTINATION

Flores to *Alor*

The remote, unspoiled islands of Adonara, Lembata, Pantar and Alor lie east of Flores – one of Indonesia’s best-kept diving secrets, from incredible muck sites to impressive walls, crystal-clear water and black volcanic sand, with thousands of reef fish in stronger currents.

The government has agreed to protect the area to secure a safe route for cetaceans migrating to the feeding grounds of the Banda Sea. The strait between Pantar and Alor acts like a gigantic jet from the Flores Sea to the Savu Sea – a relaxing morning dive can become a washing machine by afternoon – but our divemasters adjust to each group, and every diver carries an ENOS locator.

Dive areas & *practical info*

Adonara & Lembata

Adonara – eastern Flores sites like Magic Log, with ribbon eels, frogfish, the very rare weedy scorpionfish (Rhinopias) and the wonderpus octopus. **Lembata** – schools of fusiliers, angelfish and parrotfish, gorgonian fans with pygmy seahorses, and possible cetacean surprises around Lamalera.

Alor

Dive sites like “The Bullet” hint at big stuff and currents that demand attention – conditions found elsewhere only around Komodo.

Practical Info

Water 22–28 °C – a 3 mm shorty for Flores, but a 5 mm shorty or 3 mm full suit for the cooler Pantar Strait. Airport: Maumere, via Jakarta or Bali. Time zone GMT +8.

DESTINATION

Forgotten Islands & *Banda Sea*

One of our most remote destinations, where time seems to stand still. The Forgotten Islands are part of Maluku Tenggara, a 1,000 km chain from East Timor to West Papua – undeveloped and far off any beaten path. If you don't want to meet another liveaboard, imagine yourself on one of the old trade ships: we dive unexplored reefs, visit an area with schooling hammerheads, and wait for sunset to watch red-hot lava roll down an active volcano into the sea.

Four expeditions each year in November/April, from Maumere (Flores) to Saumlaki in the Tanimbar Islands and back. Dive areas: we have secret dive spots. Water 22–28 °C – a 3 mm shorty for Ambon, 5 mm full suit for the Banda Sea. Airports: Saumlaki or Maumere, via Jakarta or Bali. Time zone GMT +8.

PRIVATE CHARTER

Divers & *non-divers*

Tiaré is a boat for people who love diving, but we want to make their non-diver travel mates happy too. Rather than both of you missing out in a resort, you dive while we take care of everyone who prefers to spend time another way – a suntan on the beach, snorkelling along the reef or whatever they wish.

Feel the real spirit of Indonesia: ikat weaving at Sikka village in Flores, Dawera and Saumlaki in the Forgotten Islands, Arborek in Raja Ampat, Bontoh village in Flores, and forest treks to look for birds of paradise with a village guide.

ON BOARD

What to expect on board *Tiaré*

A luxurious yet traditional Indonesian phinisi that takes you to some of the most stunning dive spots in the world – and to people of many cultures you would never meet in more touristic areas.

Bright, airy cabins, spacious bathrooms and a large front deck to socialise, eat under the stars or relax in the sunshine; a separate diving deck with hot showers after a night dive. All living areas are built from antique teak salvaged from old joglos – the feel of “real Indonesia” while helping to spare Indonesia’s disappearing rainforests.

ON BOARD

Living *area*

A space where you feel totally at home, with an extra touch of luxury: comfortable couches and tables to catch up with fellow divers, nap, read or watch a film. A bar stocked with imported wines and a small cigar store await after a day of diving.

The air-conditioned indoor lounge also serves dinner when the weather or your preference calls for it, with PCs for editing photos and videos and an indoor camera room with plenty of space for lenses, chargers, lights and spare cameras.

ON BOARD

The *cabins*

More like a 5-star hotel than a boat: six cabins designed for relaxation and perfect sleep, with soft linens, well-thought-out lighting and plugs, spacious en-suite bathrooms, hot showers and eco-friendly body wash and shampoo.

Two triple cabins fit two adults and a child or three adults, with under-bed storage; the other four – two twin and two double – take two adults each, for a maximum of 14 guests with both a social atmosphere and space to unwind.

ON BOARD

Dive deck & *bow lounge*

We are passionate about diving and want every diver to have a personal experience on board. Each diver has their own area to set up equipment; highly qualified staff help set up and transfer your gear to the waiting tenders, and after each dive your wetsuit is washed and dried for you.

SPECIAL NEEDS

For all *your needs*

Tiaré welcomes divers and non-divers with open arms. We have put our hearts into finding the best crew, services and safety equipment.

We cruise to areas like the Forgotten Islands and south Raja Ampat where supplies are very difficult to organise, but we jump through any hoops necessary – impeccable service is a must.

INFORMATION

Data *sheet*

The Yacht

Year built	2013 – 2016
Type	Traditional wooden phinisi, 2-mast topsail schooner
Length over deck	36.50 m
Beam	9 m
Draft	3 m
Cruising speed	10 knots

Machinery & Water

Engine	Yanmar turbo diesel 500 hp
Fuel capacity	11,000 L
Generators	2 × Yanmar 60 kW
Water storage	10,000 L
Water makers	2 × 3,000 L a day
Voltage	220 V · 110 V available

Navigation & Communications

- GPS: Furuno GP-37 / GP-32
- VHF: Icom IC-M304, IC-M506
- Echo sounder: Furuno FCV 627 / 587
- AIS: Furuno FA 500 · compass: Daiko
- HF Icom IC-M36 · MF/HF Icom IC-M802
- Radar: Furuno 1751
- Chartplotter: Samyung NAVIS 5100F
- GMDSS VHF: Samyung NAVIS STV 160

Crew, lounge & *cabins*

Crew

- 1 captain, 1 co-captain, 1 officer
- 3 engineers
- 1 chef, 1 sous chef
- Room and lounge attendants
- 1 cruise manager / diving instructor
- 2 dive masters / guides · 2 diving crew

Lounge

- Computer and iPad
- Espresso machines · herbal teas, cocoa
- Hot and cold water dispenser
- Fridge with light drinks, milk, fresh fruit, ice cream
- White and red wine fridges
- Stereo and WiFi inside/outside (not guaranteed in remote areas)

Cabins

- 4 king-size, 2 twin; 2 family cabins with an extra single bed
- Fresh water pitcher and glasses
- Shampoo, conditioner, body milk, hair dryer
- Shore set: hat, towel, sun lotion, thermos
- Mosquito repellent · fire detectors

Diving, safety & *water sports*

Diving

- 11.2 L (80 cu ft) aluminium cylinders, plus 7 L tanks
- Air or Nitrox 32 · 15 L available
- INT adaptable valves on all cylinders
- 12 dive stations aft with gear boxes · fresh towels every morning
- 2 hot showers aft
- 2 dive boats, 6 m and 90 HP each, 6 diver stations, hot tea and coffee

Safety Equipment

- 12 ENOS beacons on each guest's BCD, with a receiving station on the dive boat
- 30 life jackets · 2 life rafts for 20 people each
- Oxygen on the main boat and the dive boat · emergency kit
- Fire detector system

Camera & Water Sports

- 10 m camera table with shelving
- Camera room with charging stations and data workstation
- DVD player and TV for playback
- Snorkelling vests, fins, masks and snorkels
- 2 kayaks · 1 water walk

OUR MISSION

The right yacht, crew and *itinerary*, for every guest.

Our mission is to connect every guest with the yacht, crew and route that suit them best, and to handle every detail with discretion, transparency and care, from the first enquiry to the final day at sea.

01

Matched to you

We pair every group with the yacht and itinerary that best suit their style and occasion.

02

Transparent by design

A personal, open approach with clear guidance, so every guest knows exactly what to expect.

03

Vetted to our standards

Each yacht is vetted for safety and comfort before it earns a place in our recommendations.

04

Always responsive

A dedicated team that replies fast and stays by your side from first message to final day.

05

No broker markup

You pay the yacht's own charter rate – exactly what you would pay booking direct. Our commission comes from the yacht, never added to your price.
