CRAFTSMANSHIP

Tradition meets *naval design*

Melding centuries-old tradition and modern naval design, Vela was conceived by an American engineer and built in South Sulawesi by renowned Konjo boatbuilders.

Her sleek hull was designed for optimal performance and safety using locally sourced ironwood and teak. Stable and highly manoeuvrable, Vela is equally suited to cruising the Indonesian shores and undertaking crossings, reaching far-flung islands of Indonesia and beyond.

EXPERIENCES

Diving

Vela is the ideal gateway to Indonesia’s Golden Coral Triangle and its unique marine biodiversity. No two dives are ever the same: gaze at manta rays, sea turtles and sharks, while photographers find seahorses, mantis shrimp and nudibranchs in pristine coral gardens.

Qualified dive instructors help beginners achieve PADI certification on board, and a nitrox compressor lets experienced divers make the most of each dive and shorten surface intervals.

EXPERIENCES

Wellness

From full-body massages on a deserted beach to facials and body scrubs on Vela's breezy decks or in your cabin, the spa offering is designed for absolute pampering. Crafted at The Retreat by Nirjhara exclusively for Vela, the menu of complimentary treatments uses all-natural products from the archipelago.

Yoga and sunrise meditation on the top deck or the beach, and a complete range of fitness equipment – adjustable weights, resistance bands and TRX – keep even the most active in shape at anchor.

EXPERIENCES

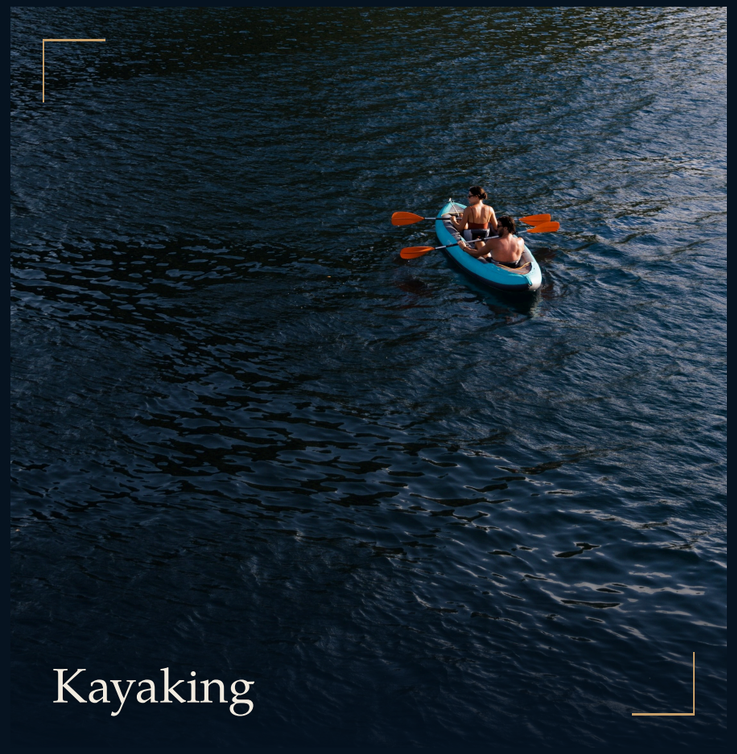

Water *sports*

Wherever Vela sails, make the most of the crystalline waters with water-skiing, wakeboarding, jet-skiing, kayaking, surfing and stand-up paddle boarding.

Surf secluded breaks or bask in the sunset while kayaking a sheltered lagoon – Vela is equipped with state-of-the-art water sports gear for all occasions.
